SPECIAL STERLING SERVICES

- 300,000 square feet of manufacturing and warehousing space
- Serving customers and industries across the United States, North America and worldwide.
- High frequency welded tubing
- Flexible and responsive production schedule
- Cut-to-length, end finishing and special packaging services available
- I.D. flash rolled or scarfed
- Chemical and physical certs available
- On-Site Metallurgical Laboratory
- Non-destructive testing
- Tubing produced to ASTM-513 and ASTM-500 specifications
- Customer stocking programs available

OVER 50 MILLION POUNDS OF COIL INVENTORY

- Cold rolled
- Hot rolled plain
- Hot rolled pickled & oiled
- Aluminized
- Stainless steel-400 series
- Galvanized
- Commercial quality and A.K.D.Q.
- Low carbon, high carbon
- High strength steels
- Selected low alloy grades

MECHANICAL, STRUCTURAL AND PIPE SIZES

Available in gauges from .049 through .180.

ROUNDS		SQUARES		RECTANGLES	
1"	Round (.065 - .120)	3/4"	Square (.049 - .083)	1 1/2" X 3/4"	Rectangle (.049 - .120)
